Administration

To My Student Friends:

As this is written a war is being waged in Viet Nam and an uncertain nation ponders its problems of prosperity and poverty, accord and discord, human rights and license, order and chaos. Its people are searching for new goals to sustain them, a new faith to comfort them and new leaders to direct them.

Revolutions seem to be the order of the day. Not slow evolutions of ideas and traditions but rapid, drastic changes which create new moralities and flout traditions and conventions that once were so comfortable. There are revolutions of emergence, of bondaged peoples seeking a place in the sun. There are revolutions of science and technology which seem constantly to shrink our small planet into even smaller dimensions and to telescope a myriad of events in ever briefer cycles.

Then there are among us, as always, the purveyors of gloom and doom, the cynics immune to both hope and despair and, of course, those who, like Lot's wife, are always looking backward, seeking to petrify progress. Their combined voices are a cacophony obscuring the true symphony of our time.

But there is hope and it comes from our interest in a search for better answers. And our hope lies with you, for you are demanding new answers to old questions never answered satisfactorily before. You seek a relevance for your lives and your education, and your insistence on these things is not going unnoticed. You can, if you will, make this planet a bit more habitable for all. You can open windows to vistas never viewed before; you can give hope to millions who have never known it.

The world awaits you and time will test your zeal and measure your faith. Perhaps you will find that great victories are not won by idle wishes or eloquent phrases, but by dedication and sacrifice. Perhaps you will find, too, that love and altruism are not just objects of the cynics' scorn. Perhaps you will discover that time passes not in disjointed spurts but in a continuous stream and that the past is linked through the present to the future, that your tomorrows will also be someone's yesterdays.

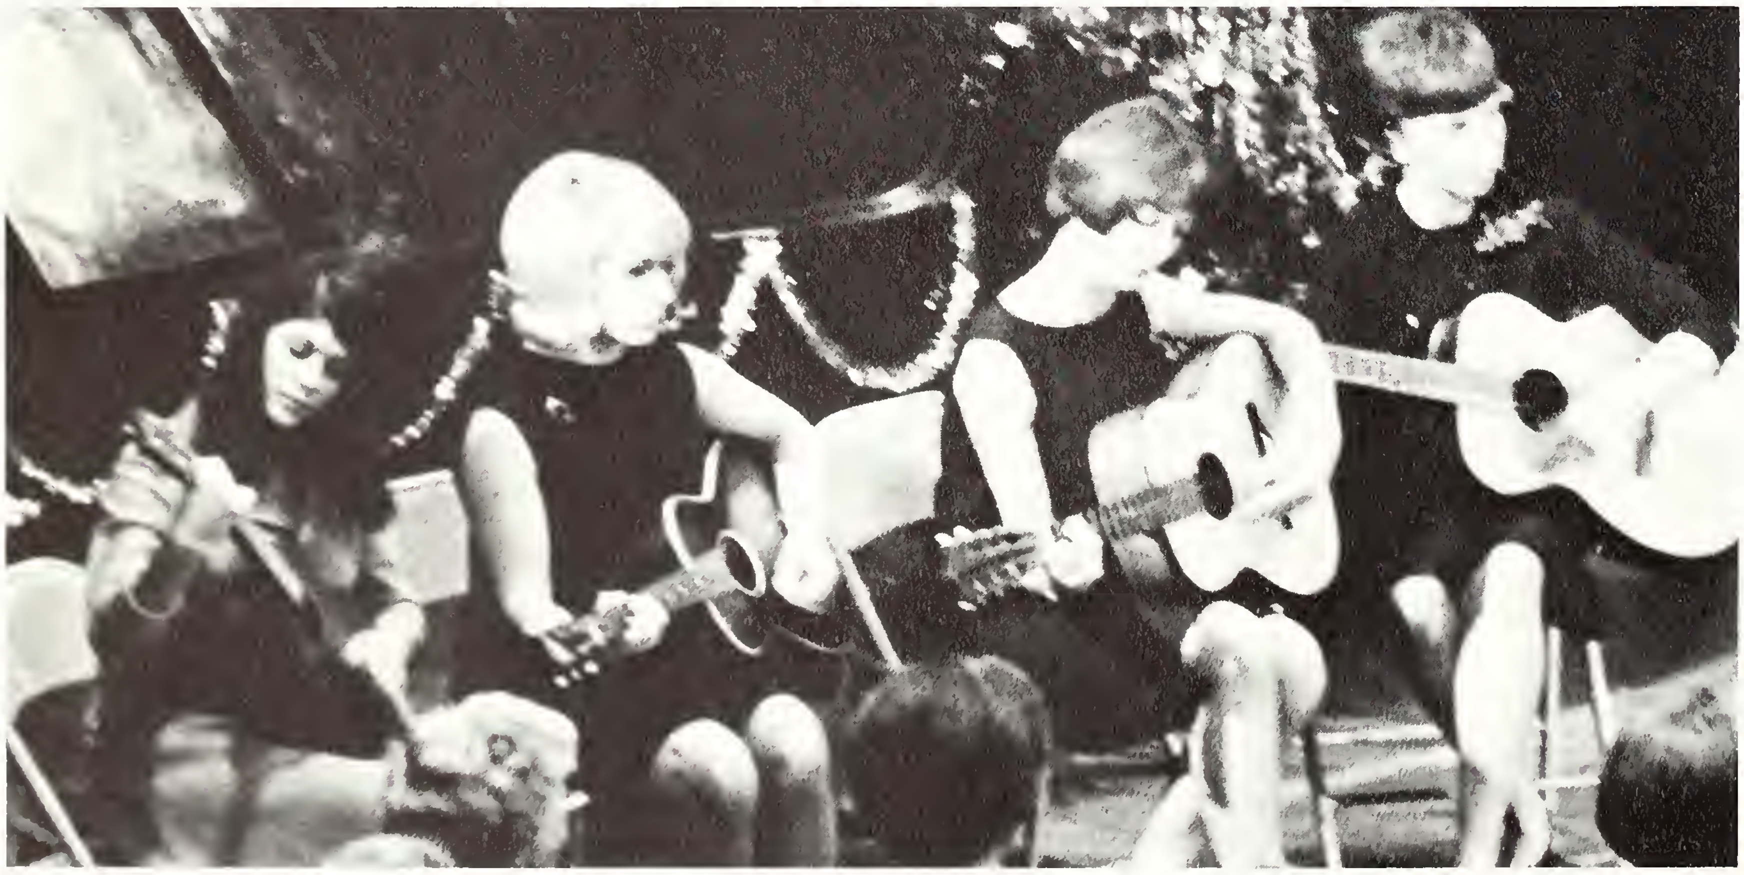
In the formally structured life of the student, the individual often feels the need to express himself. He feels the need to create and to contribute, both to his life and to those of others. Some find this outlet in music, some in art, and many find that the theatre most satisfactorily satisfies this need. Here the make-up and footlights transport him to another world where the demanding life of the student is momentarily forgotten. But more than just an escape, dramatics helps the individual to find himself and to better understand his role in life.

From the lead role to the stage crew, that moment in the spotlight or that name in the program offers a chance for a bit of individuality which is becoming ever more rare. He may not go on to Hollywood or Broadway, but he can feel satisfied that he has contributed and has found expression. His weeks of work are rewarded with applause, but more important is the sense of satisfaction, known only to those who have taken part.

MERRY CHRISTMAS

Large groups participate in the Christmas sing.



Different instruments add variety to the sing.

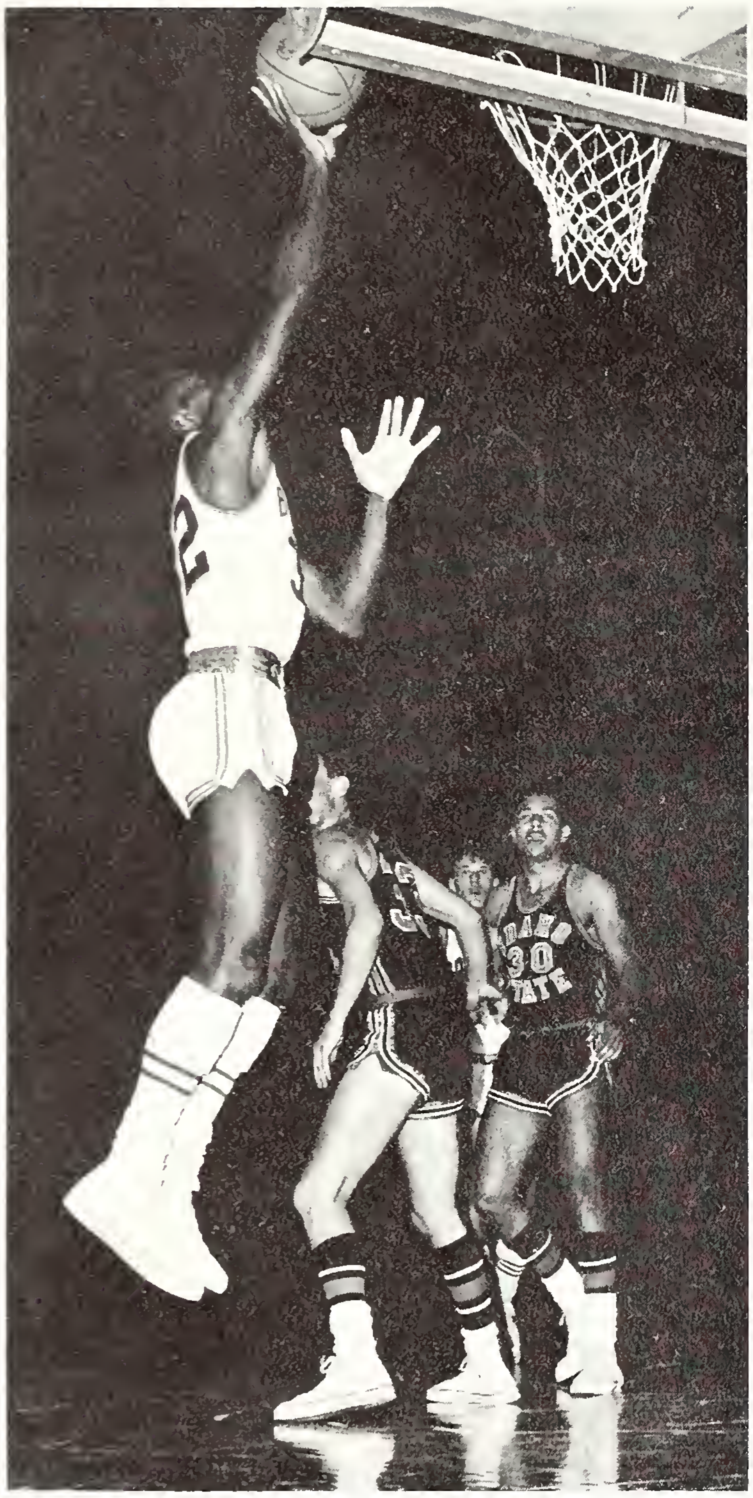
Television covered the sing this year.

Children and parents enjoy the Christmas sing.

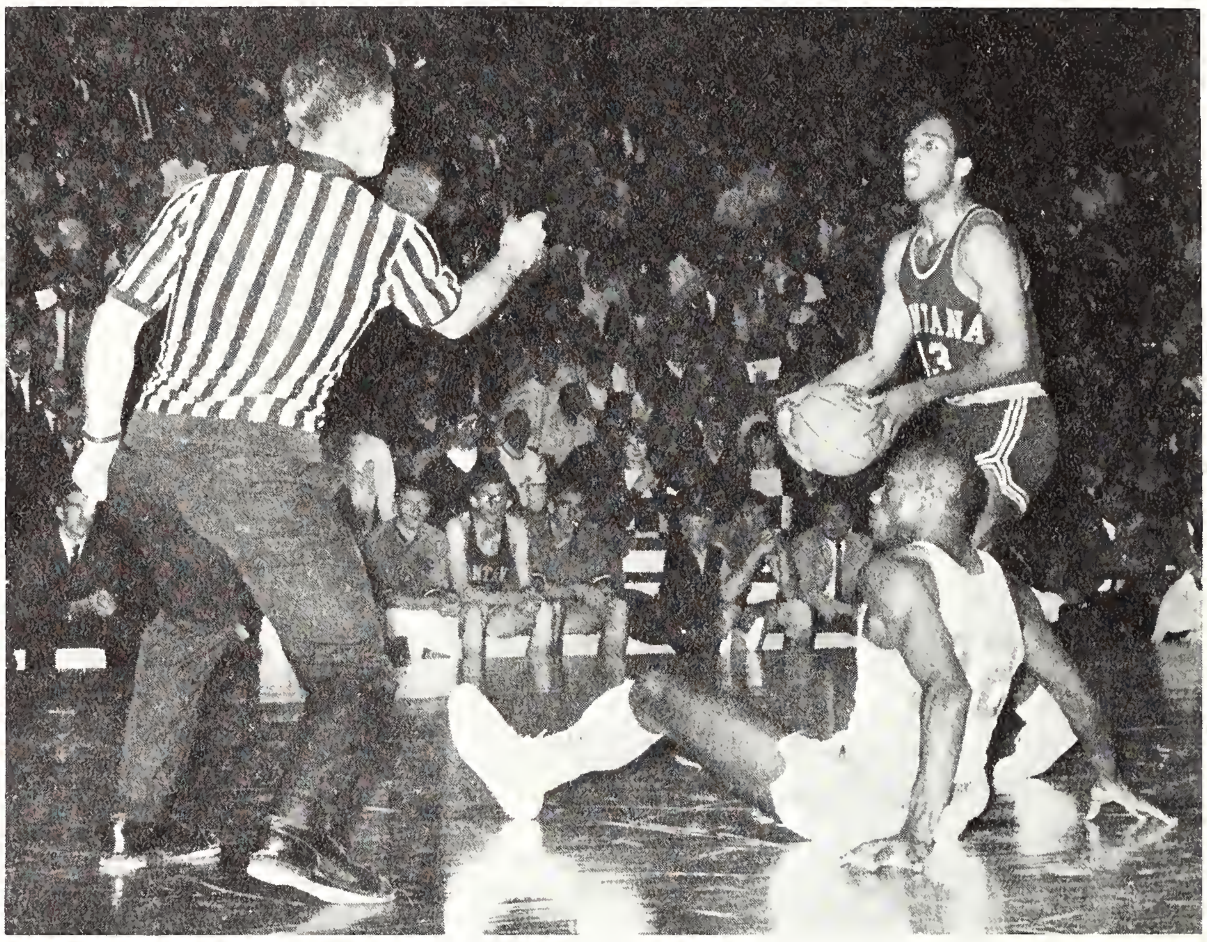
WINTER QUARTER

Winter Sports

In winter the MSU student's fancy turns to thoughts of skiing and basketball. His weekends are spent in the fieldhouse and in Bridger Bowl. This year saw championship teams in both of these popular sports. In addition, the Bobcats added a second place in wrestling to make the winter quarter of 1967 a very memorable one in the eyes of the sports minded.



Basketball



MSU began one of its most successful seasons in many years by winning the Oklahoma City All-College Tournament. In the process they defeated the University of Texas, Temple, and Oklahoma City University. The Cats went on to tie for the Big Sky Conference title.

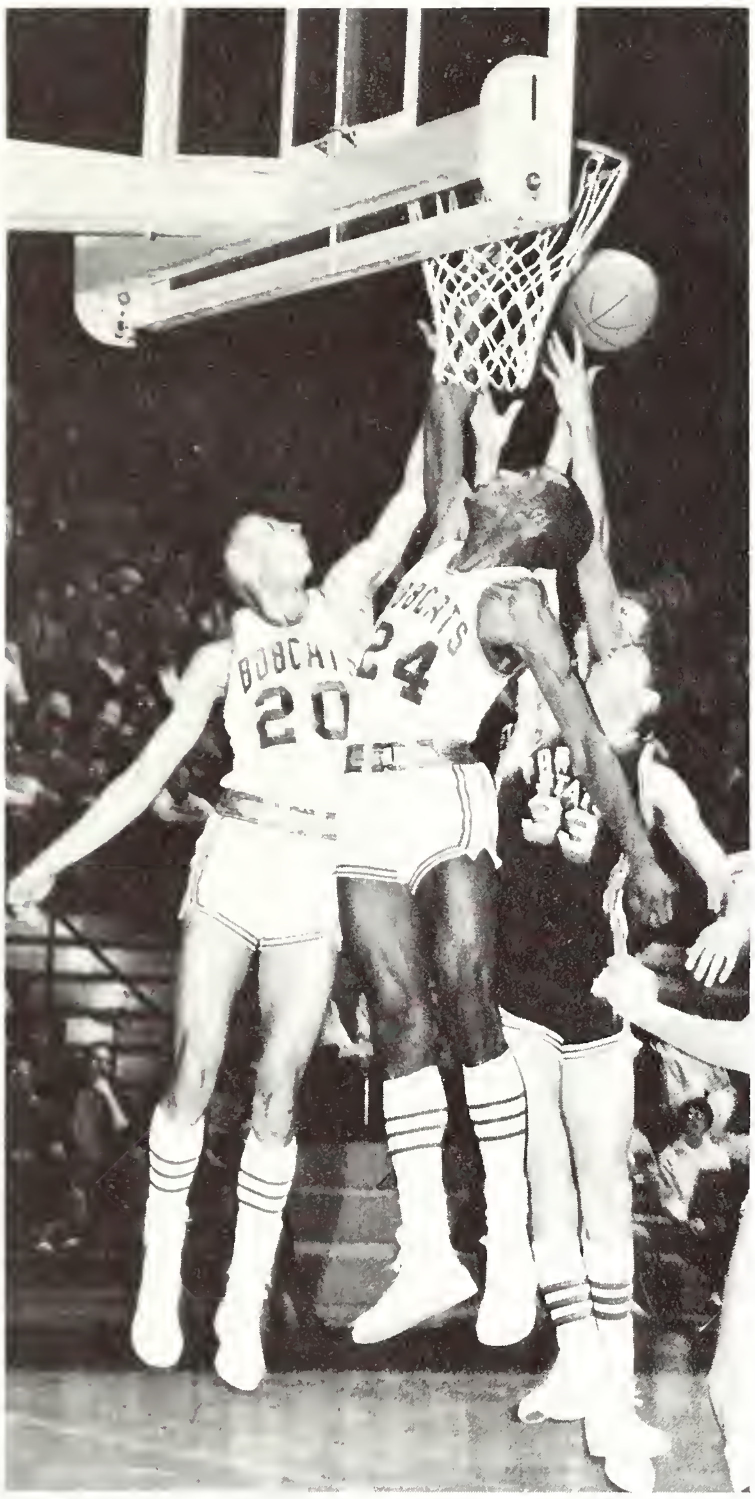
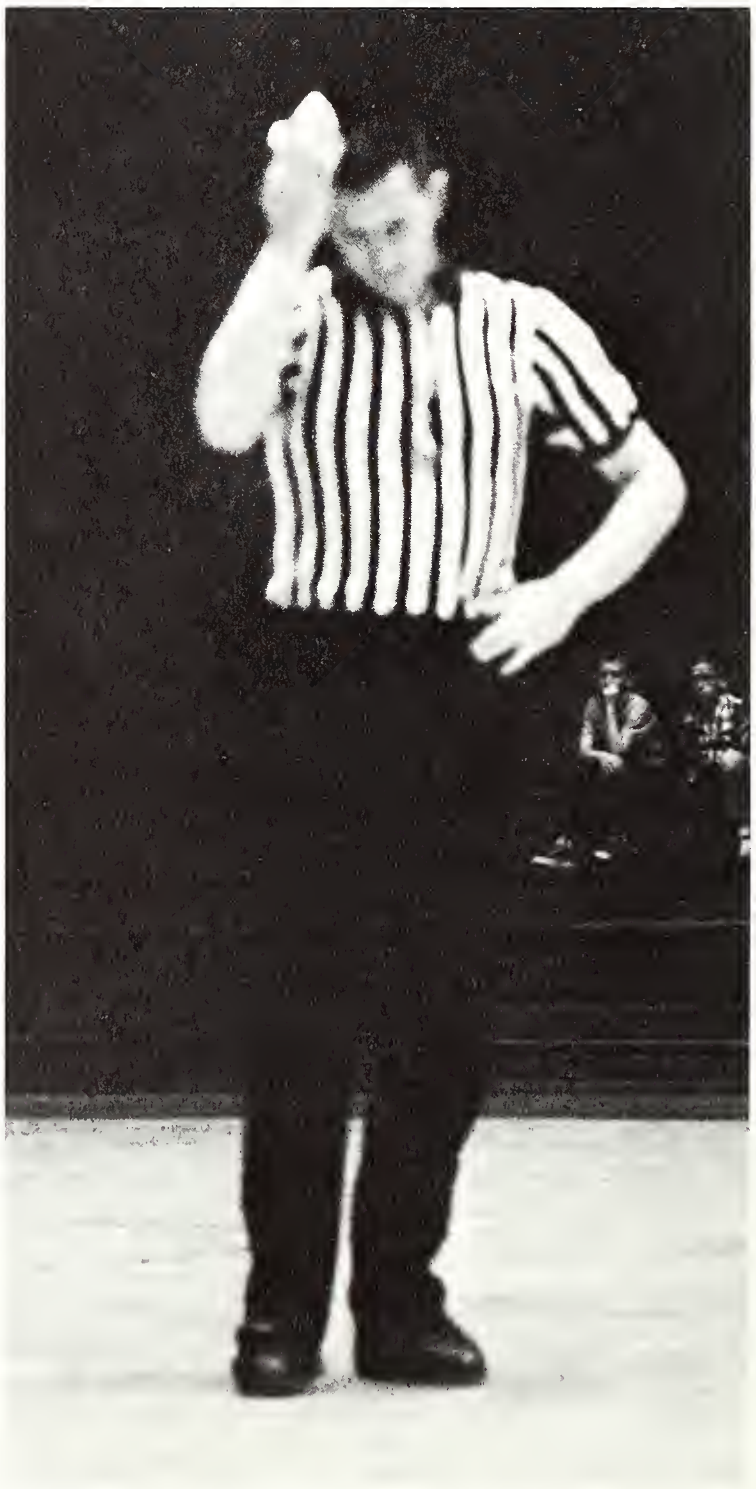
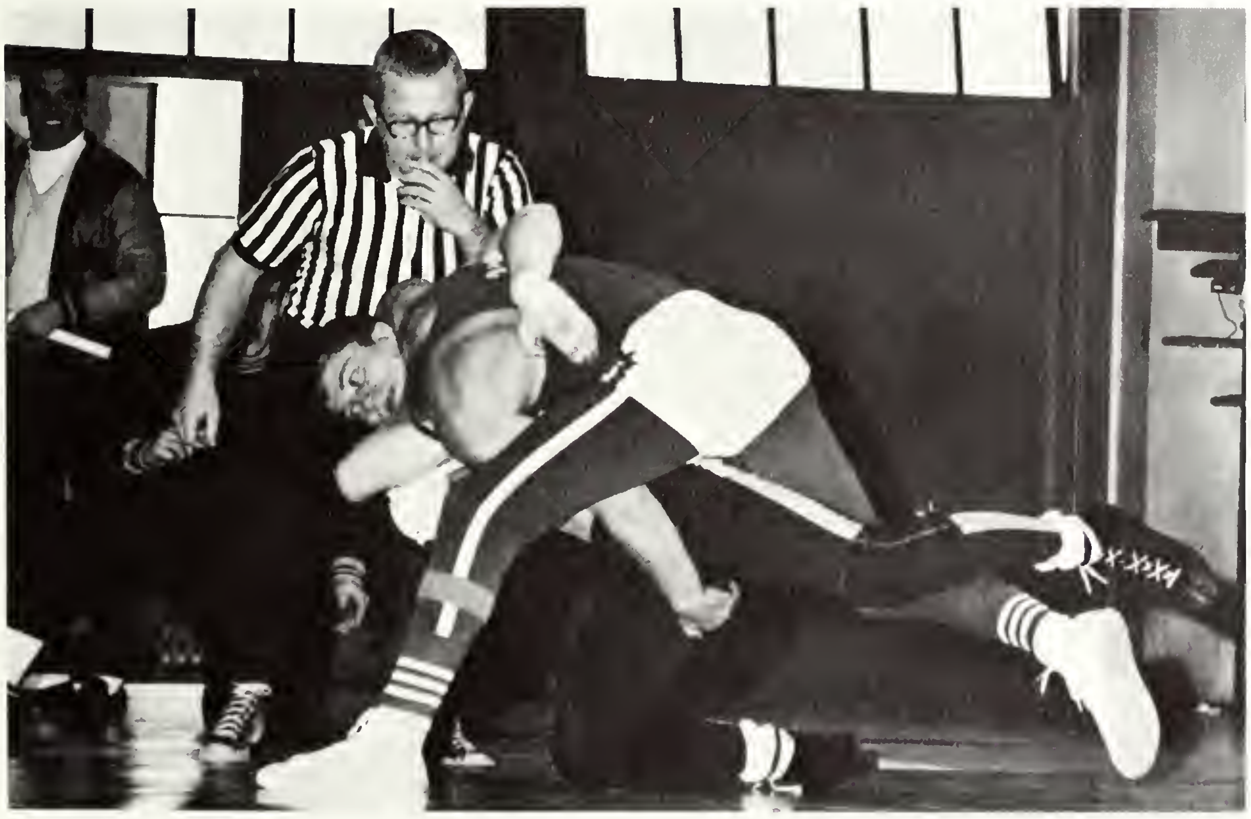
Warren Daniels goes up for a rebound as the Cats trounce the Grizzlies.



Senior Tom Storm broke the old school scoring record by rolling up 44 points in his final game as a Bobcat. A bright spot in MSU's basketball future is sophomore, Jack Gillespie. He was the only sophomore to be named to the All-tourney team at the Oklahoma City tourney.



Wrestling



The Bobcat grapplers lost the Big Sky Championship for the first time in four years as they finished second to Idaho State. They lost to the Bengals 98-95 in overall points.

STATE

Coach Agocs and his injury jinxed team hope to return next year to again dominate the Big Sky as they have in previous years.

Skiing

Bobcat skiers kept their Big Sky crown by capturing the conference title in the annual meet held at Bridger Bowl. Earlier in the season, MSU also won the Weber State Invitational Ski Meet in Ogden, Utah.

Two members of MSU's championship ski team qualified to compete in the NCAA ski championships. Frank Kalfoss qualified in the jumping competition and Wayne Berg in the slalom.

Winter Carnival

Winter carnival activities are interspersed with prayers for lots of wet snow to build the many huge snow sculptures.

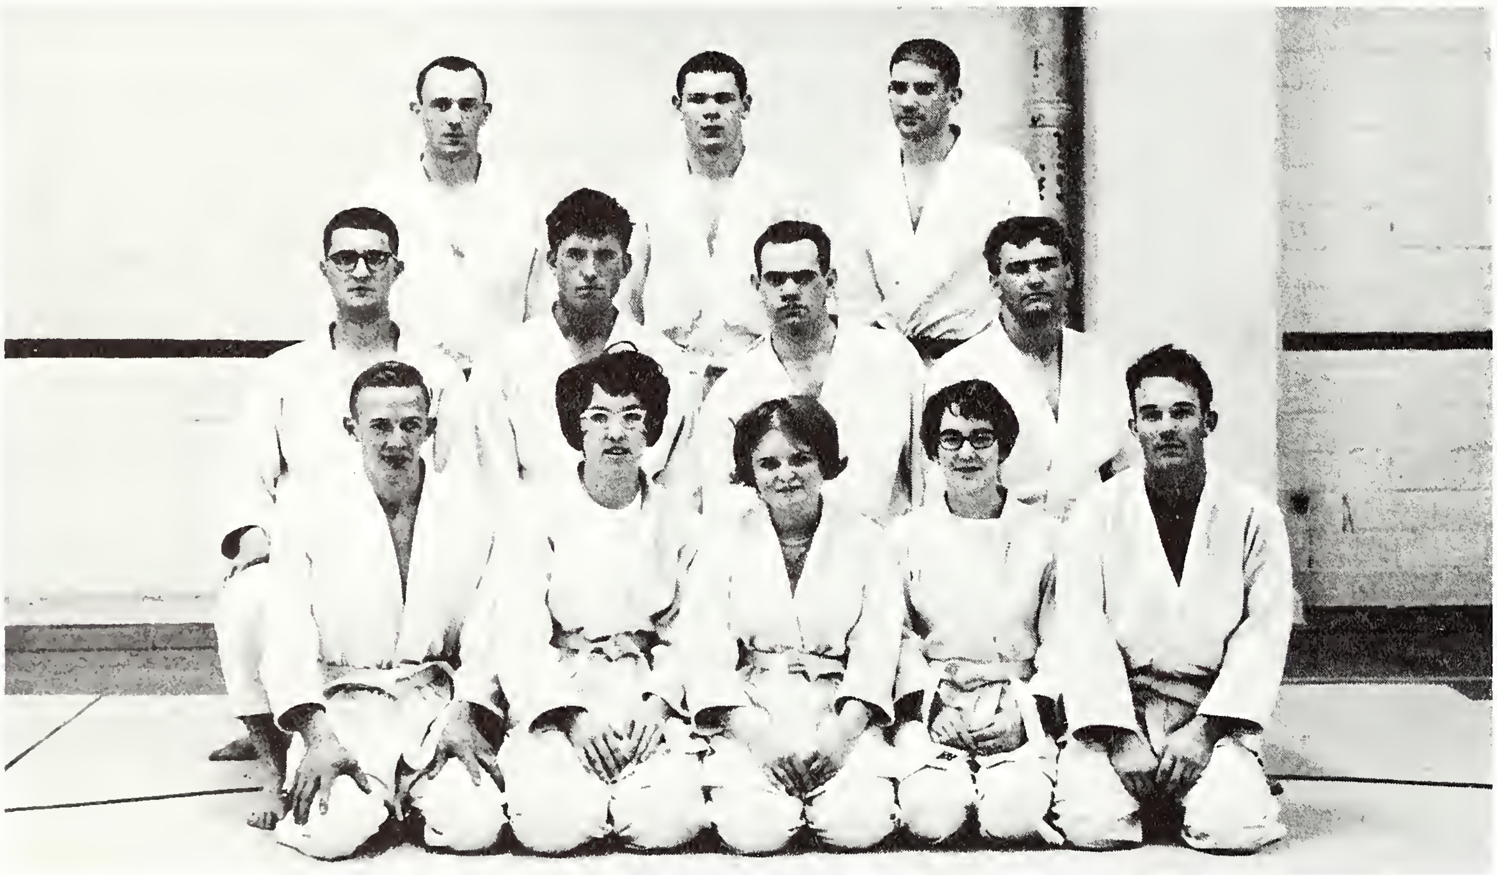
Candidates for Ski King and Queen must prove their ability on the slopes before the winners are chosen in an all campus election.

Judo



Judo becomes more popular each year, as a greater number of people become interested in this ancient form of self defense.

You just never know when a little knowledge will come in handy.

Rifle Team

Row One: Marlene Saunders, Carol Kroetch, Kathy Dugan, Jan Carney, Gina Hansen, Linda Hackett. **Row Two:** Tim Skinner, Tom Wing, Cathe Curnow, Bruce Vadnais. **Row Three:** Jim Waldo, Phil Mead, Paul Albert, Mike Fay, Frank Pickett, Roger Ward, Sgt. Greenway.

One of the bright spots in MSU sports, the rifle team placed third out of eighty four teams taking part in the Kansas State Turkey Shoot.

Intramurals

Intramural sports provide the chance for hundreds of students to take advantage of the benefits of athletics.

Men's

Under the direction of Dobbie Lambert, the men's intramural pragram ranks as one of the best in the nation. Students compete in one of several leagues in sports ranging from football in the fall to tennis in the spring.

Women's

This year women's intramurals, under the direction of Miss Kreighbaum, were extended to include competition in several sports with other colleges.

Miss MSU
Patti Tobin

The reigning Miss Montana, Nancy Ann McCleod, provided entertainment for the 1967 Miss MSU contest.

Contestants provided varied fare for the talent division, each hoping to earn the right to wear the crown of Miss MSU.

Each year the pageant is planned and staged by MSU students.

The 10 finalists include some of the loveliest and most talented coeds on campus.

Forensics

Forensics: The masters of eloquent discussions often indulge in animated debate.

Forensics

Row One: Bob Brown, Elliott Converse, Barb Ericson, Jud Temple, Bob Norton. **Row Two:** Bert Tarrant, Dick Gibson, Allan Louden, Hank Preshinger, Ann Demencheau, Tom Schmaltz, Gary Spaeth.

With increasing student participation, MSU was again able to field a top forensics team. The many trophies brought home this year represent excellent showings at Billings, Pocatello, Idaho, and the Western Speech Association meet held on the campus of the University of Washington.

An additional honor was the selection of coach L. A. Lawrence as editor of the national Pi Kappa Delta publication. Mr. Lawrence also served as a member of the board of the Western Speech Association.

Apropos

The newest publication on campus, the Apropos suffers from problems ranging from Student Senate to student participation. It is their task to combine all the special interest magazines of previous years into one general interest magazine. In other words, they must present engineering material to the ag student in such a way as to not offend the English major.

One of the few publications of its kind in our area, the Apropos provides an outlet for student art and literary work. As the magazine gains student interest and participation, we can look forward to even higher quality and content in this unique quarterly magazine.

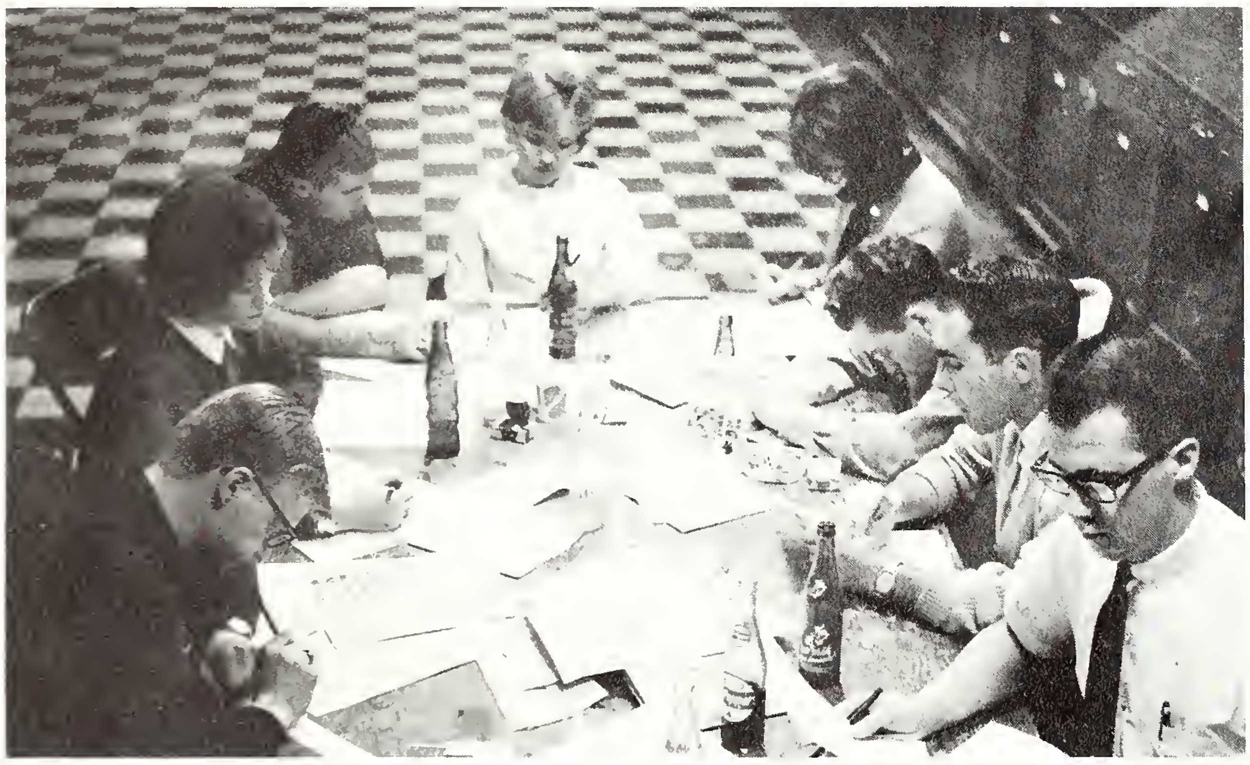
Exponent



If you want to know where the action is on the MSU campus, chances are that the Exponent will let you know. It's here that you'll find out what movie is showing in the SUB, who's running for what, and who's engaged to whom. Beside the assigned job of keeping the student informed, the Exponent offers fare ranging from Charlie Brown to controversial columnists. The Exponent's biggest problem this year was providing enough copies to satisfy student demand and yet stay within their budget. Despite the lack of journalism sequence at MSU, the staff managed to produce a high quality newspaper every week of the school year.

Music Groups

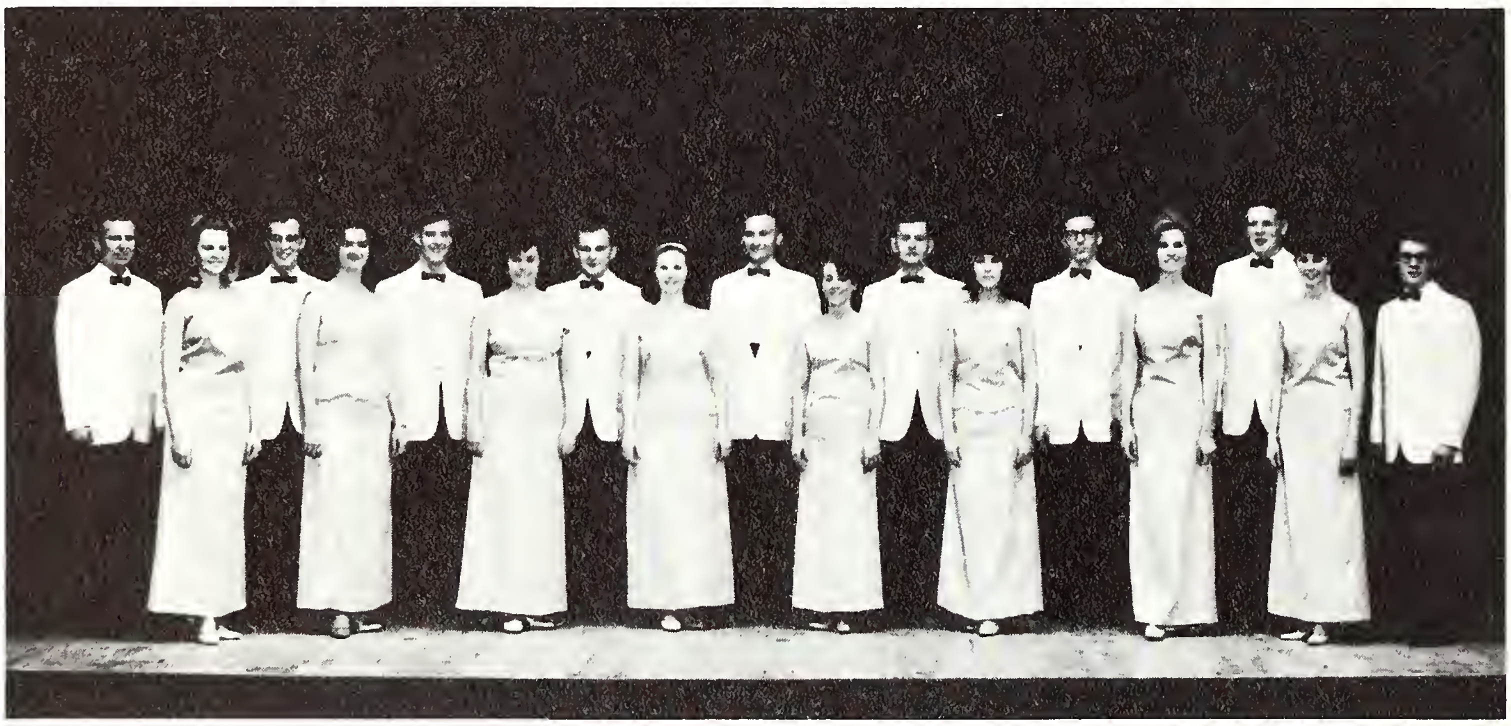
Presenting high caliber music of many kinds, the concert band is made up of the finest musicians on campus. At concerts presented by this group, the student body has the opportunity to hear some of the finest music ever written.

Practice throughout winter quarter is culminated with the state wide tour which takes place during spring break. The musicians of this group act as ambassadors to the citizens of Montana and to future MSU students.

Participating students find the opportunity to enhance their musical studies or to merely derive a sense of satisfaction.

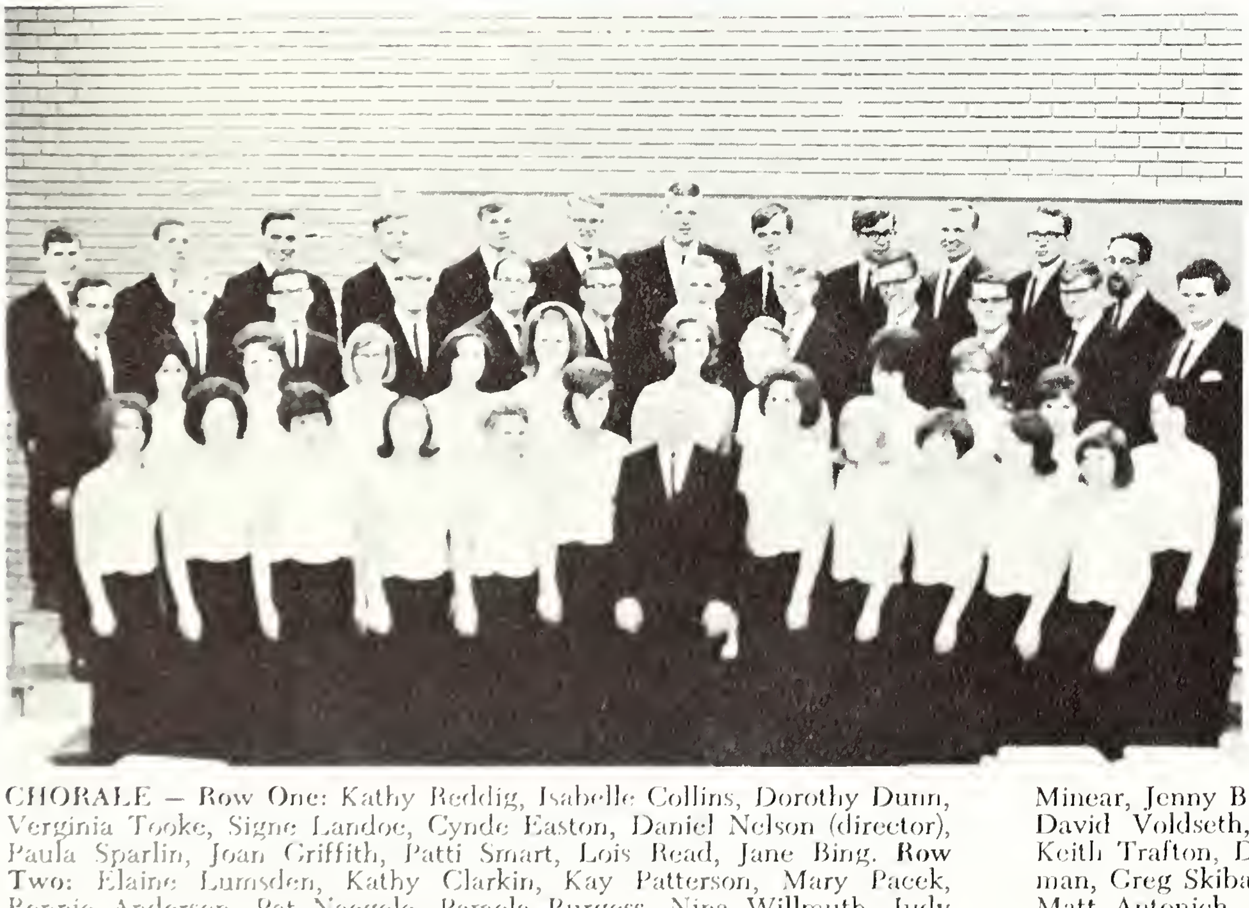
The Montanans

Made up of the sixteen best voices on campus, the Montanans represent the peak of vocal music at MSU. This group provides music for many special functions throughout the school year. This year they presented a special concert for the student body. The Montanans also tour throughout the state performing in cities not reached by either the band or by the chorale. Many students have gone on to professional careers following membership in this select group.



Left to Right: Bill Altimus, Bonnie Anderson, Richard Shackleford, Paula Sparlin, Doug Lockie, Jane Afanasiev, Dwight Toavs, Virginia Tooke, Bernard DuMonthier, Gale Kinzie, Paul Palm, Ellaraine Gerson, Ben Laws, Pat Naegele, Jay Davis, Judy Hurth, Charles Bateman.

Membership in this mixed chorus is open to any student with talent in the field of vocal music. Under the direction of Mr. Dan Nelson, they perform all types of music for the student body and, during spring break, for the citizens of several Montana cities. These concerts are prepared during weekly practices throughout the school year and are well received by the students and towns-people alike. Through participation, members find the chance to become better musicians and receive the opportunity to perform publicly.



CHORALE — **Row One:** Kathy Reddig, Isabelle Collins, Dorothy Dunn, Verginia Tooke, Signe Landoe, Cynde Easton, Daniel Nelson (director), Paula Sparlin, Joan Griffith, Patti Smart, Lois Read, Jane Bing. **Row Two:** Elaine Lumsden, Kathy Clarkin, Kay Patterson, Mary Pacek, Bonnie Anderson, Pat Naegele, Pamela Burgess, Nina Willmuth, Judy Minear, Jenny Biles, Christine Westbrook. **Row Three:** Ron Zimmerman, David Voldseth, Gary Treglown, Lowell Dightman, Jerry Schneider, Keith Trafton, Dwight Toavs, Ivan Lorentzen, Ben Laws, Charles Bateman, Greg Skiba, Russel Hurd. **Row Four:** Lon Eliason, Paul Fanshawe, Matt Antonich, Kirt Harding, John Helzer, Bob Parkhurst, Jay Davis, Rod Zent, Frank Valach, Bill Altimus, Dennis Lehfeldt, Kevin Caughlan.

Dramatics

Midnight fire drills are ridiculous.

I told you one beer was too many.

All right, I'll buy your annual.

Much time and precision is spent in preparing for an important part in the world of dramatics. Each crease must portray the years of worry and life — throwing the audience into the correct time period.

"And People All Around," starring Mike Huffine, Barbara Uhlrich, and Betsy Hippely, is centered around the triple-slaying of three negroes in Mississippi and fictionalized by George Sklar.

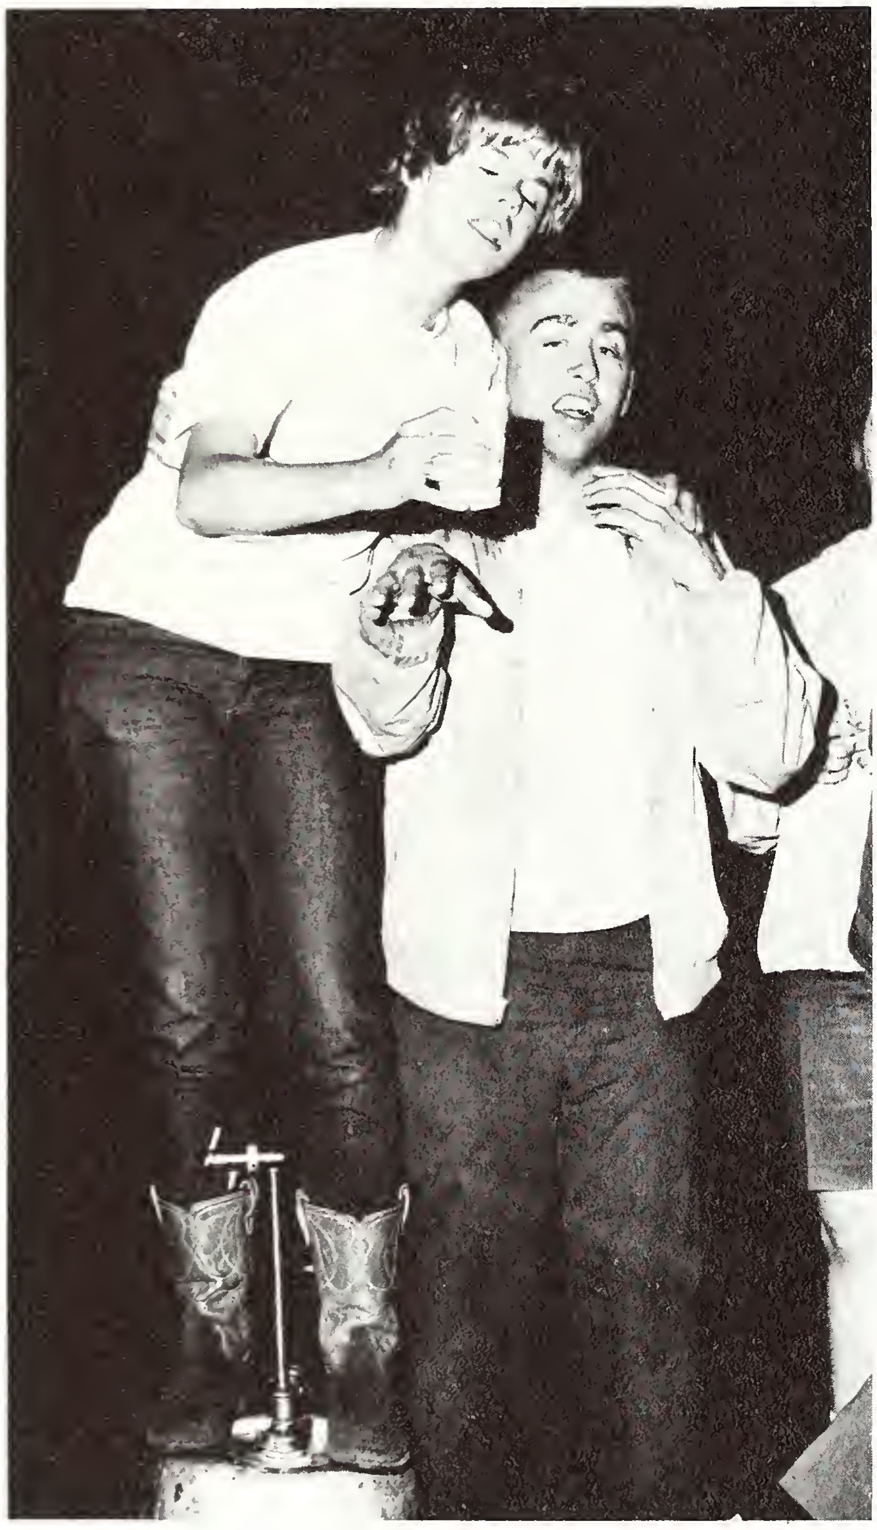
Entertainment

The Harlem Globetrotters entertained a large winter quarter crowd.

Students saw entertainment from many lands at the annual International Ball.

This year the Montanans presented a special concert for the student body.

Sponsored each year by the International Club, the Ball also featured a sword dance from Thailand.



Spring Quarter Sports

MSU spring quarter sports are many and varied.

Baseball

A sure sign of spring is activity on the baseball diamond.

The Bobcat baseball team began practice in the fieldhouse early this spring. Eleven members of last year's team returned. These men combind with several outstanding newcomers promised a good team.

Dyche field is a busy place each spring, as the Bobcats take to the baseball diamond.

Dolphins

The best female swimmers on campus make up the membership of the Dolphins, a precision swim group. Highlight of the year is their public show, held each spring.

Track

Coach Jerry Stubblefield's Bobcats started the year off right by sweeping the college division of the Sixth Annual Montana State Invitational Indoor Track and Field Meet. Although the Cats had only two individual winners, they finished ahead of second place Eastern Washington by 20 points.

This indoor meet, the only one of its kind in the state, gives track buffs a jump on the spring weather.

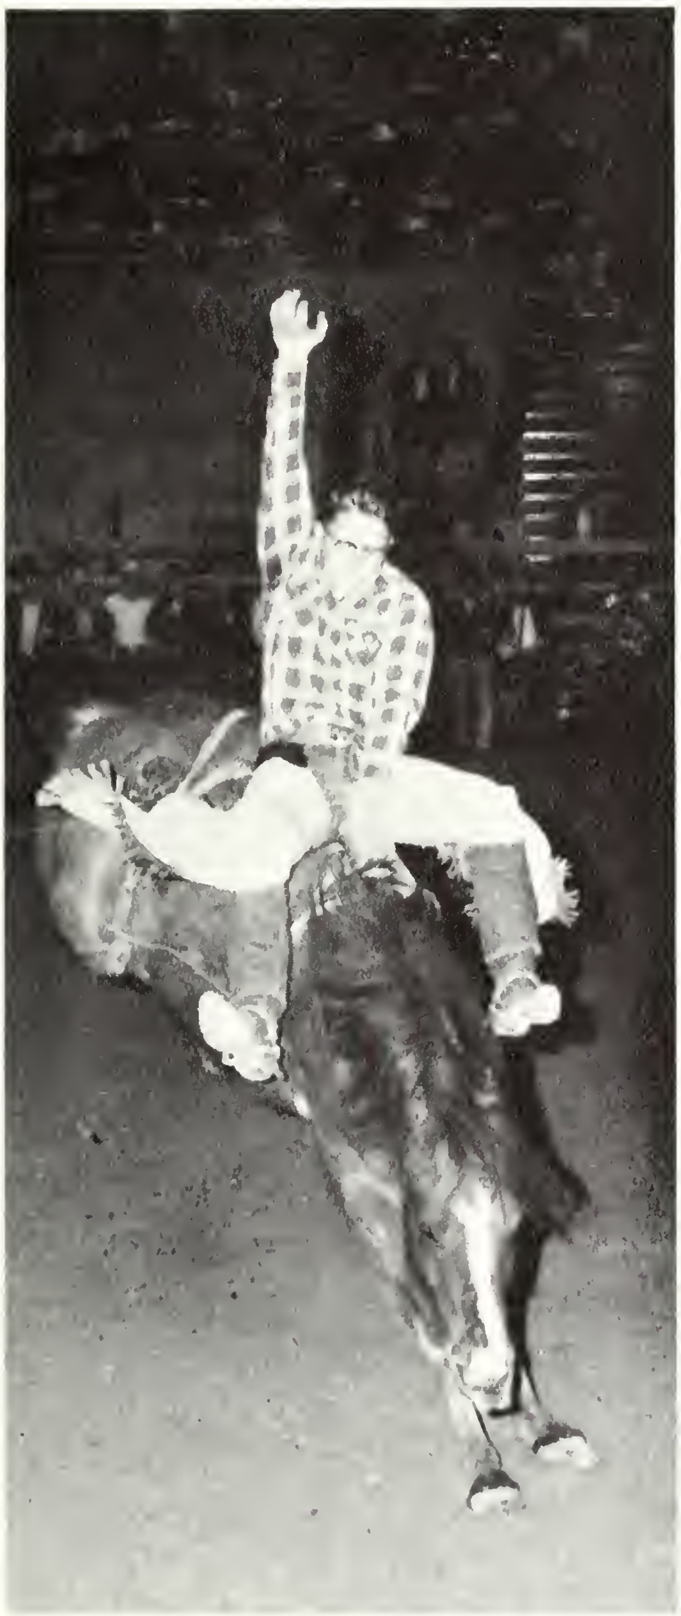
Depth could very well prove to be the secret to one of MSU's most successful seasons yet. In addition to greater depth than in previous years, the Cats have several outstanding individual performers. Some of the more promising of these include Rick Friez and Bruce Steele in the dashes, Bob Workman in the discus, Dan Hodge in the triple jump, and shot putter Spencer Sartorius. Also outstanding are Tony Baier in the broad jump, high jumper Bill Gillespie, and Bob Lane in the middle distances.

Tennis

Dave Harman was selected as new tennis coach at MSU. Graduate student and former Bobcat team member, Harman was also 1966 Big Sky Conference champion and participated in the NCAA finals.

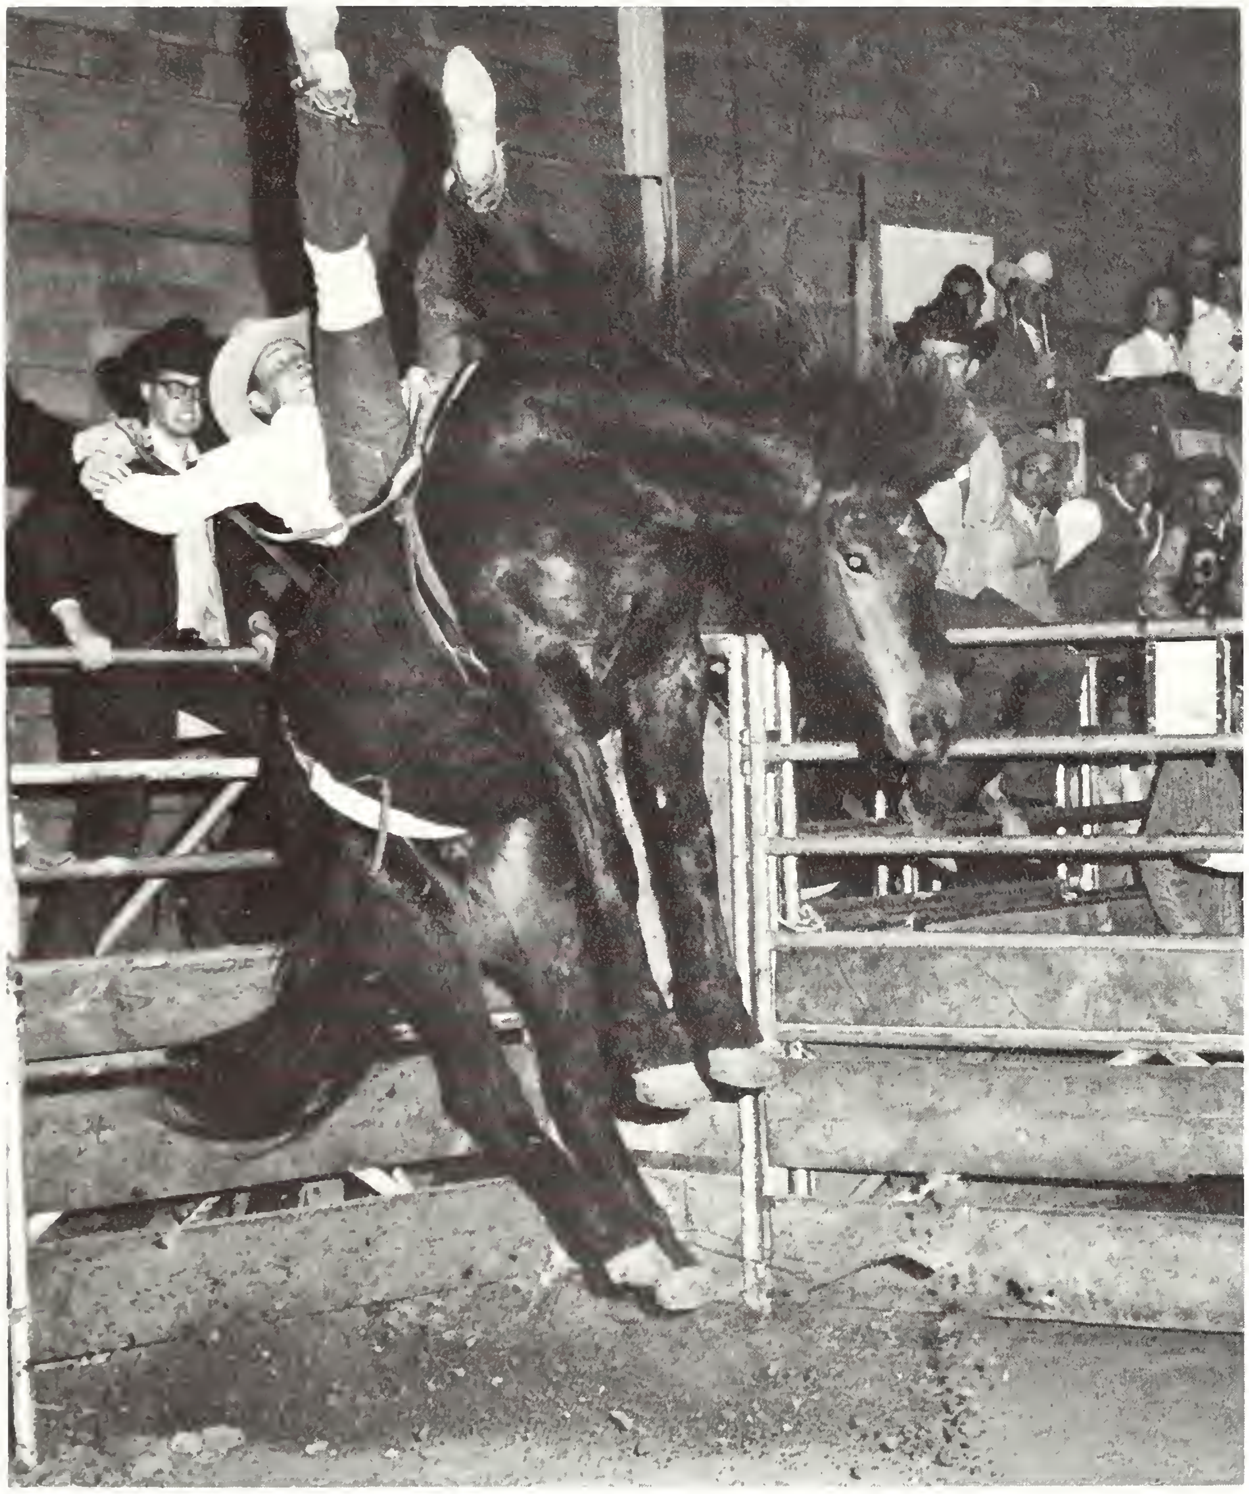
Beside the Big Sky Conference Championships, the Bobcats participated in matches with Utah State and Eastern Montana. Coach Harmon's netters managed to hold their own both in and out of the Big Sky.

Rodeo



Teacher, can I be first?

Two of a kind.
Mom, I want to play, too!



Please help me I'm falling . . .
